Gentlemen:

Supplemental Permit is hereby granted to Merle Buerkett and Bill Poston to modify development and operation at the above referenced site by depositing coal combustion fly ash in the excavated borrow area, according to the permit application information submitted by Gregory D. Kugler, James Douglas Andrews, P.E. and Fred Prillaman; said application consisting of 4 pages dated January 19, 1983 and received by the Agency January 19, 1983, one page dated January 21, 1983 and received by the Agency January 24, 1983, and two pages prepared by Fred Prillaman dated March 31, 1983 and received by the Agency April 4, 1983.

This permit is granted subject to the following special conditions:

1. This area shall be operated at all times such that air borne dispersal of dust particles does not occur.
2. If final cover material for this area is obtained from outside the permitted site, the suitability of that material for use as final cover material must be documented prior to the time final cover is required and prior approval from the Agency must be sought at least 90 days before the fly ash comes within 2 feet of final elevation.

Except as modified in the above documents, the site shall be developed and operated in accordance with permit number 1975-1-OP.

Very truly yours,

Thomas E. Cavanagh Jr.
